

# MOSO NATURAL

natural, scent-free odor solutions for home & travel

# Air Purifying Bag

The Moso Natural Air Purifying Bag eliminates odors in the air without giving off a scent using one powerful ingredient- moso bamboo charcoal. Without needing batteries or wires, this extremely effective air purifier works like a magnet to continuously capture odors and harmful pollutants. Chemical free and fragrance-free, this odor eliminator is a safe alternative to traditional toxic, scented air fresheners. The beautifully stitched linen bag can be placed on any surface in your home and can be reused for up to two years by placing it in the sun to rejuvenate.

# Scent-Free Odor Eliminating Spray

The Moso Natural Scent-Free Odor Eliminating Spray offers a discreet solution to eliminate unpleasant odors without using overbearing fragrances. Specially formulated probiotics actively target and destroy odor-causing molecules; ensuring long-lasting fresh air in the bathroom, car or anywhere on the go. Our spray is made with safe, natural ingredients, making it an eco-friendly and non-toxic option for your home. To use, shake gently and widely spray the air or the source of odor. Safe to use on fabrics and furniture.
